A NEW TRIBE

It is a period of transition. New apprentices, moving in from their early preparation, have overcome their first stage of training. For the battle ahead, Link Crew managed to secure the secret plans for the freshmen arrival to, the TRIBE, a brand new station with enough HEART to prepare these pupils.

Pursued by the system's sinister agents of fear and distraction, Crew Leaders will join them in their journey, keepers of the secret plans that can help these newcomers succeed and bestow upon them, the HEART of the TRIBE...
